24.04.2015 16:15

Many lawyers who gathered in Yerevan to commemorate the 100-th anniversary of the victims of Armenian Genocide announce the following.

“Today’s anniversary of the Armenian Genocide the international community is gathered in Yerevan. Lawyers from many countries would like to take an opportunity to address the State of Indonesia, which just announced its intention to carry out in the following hours the death sentenced of the French citizen Serge Atlaoui. Indeed the state of Armenia abolished the death penalty in the memory of the massacres suffered by the people of Armenia in order to ensure the triumph of law whatever the circumstances.”
